

Hello & Welcome!

Transformation, Creativity and Growth!

This Technology Expo is an opportunity to support youth in STEM who live in Muskoka, Parry Sound and Surrounding Rural Regions that presently focus their time in the areas of, Science, Technology, Engineering, Math & Robotics.

This Expo will provide an opportunity for youth and community alike to come together under one roof to enjoy all things technology. The Expo will offer a High-School Skills Robotics Challenge that will provide opportunities to win cash prizes and their will be a, LEGO Pavilion for Elementary youth to get introduced to the world of LEGO and A Industry and Higher - Education Hall that showcases representatives from the top Technology & Industry Leading Companies and Top Post Secondary Institutions.

With honor & pleasure,
Kyle Boyko — President, InspireTech Canada

3-Day Technology & Robotics Conference
