You're Invited to Learn and Earn

Code To Learn has partnered with InspireTech to form an alliance to reach and encourage more students to take advantage of digital skills training offered by CanCode.

CanCode aims to equip Canadian youth, with a focus on inclusion of underrepresented groups, with the skills they need to be prepared for further studies. This includes advanced digital skills and science, technology, engineering and math (STEM) courses, leading to the jobs of the future.
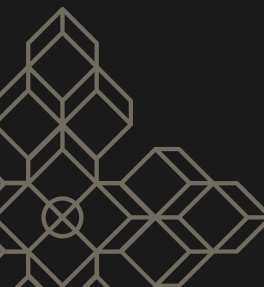

Selected educators and learners that apply will be granted access to www.inspiretech.ca **at no cost** as a part of this initiative.

The first 20 educators to enroll 180 students by March 31, 2023 will earn a $50 Amazon gift card.

To Apply, email:

kyle@inspiretech.ca
